PARIS PEACE PROPOSALS

Mr. Eden Replies
To Criticism

London, Dec. 10.
The principle that any peace
proposals in connection with the
Italo-Ethiopian dispute must be
acceptable not only to Italy but to
Ethiopia and the League of Na-
tions, remains the firm policy of
the British Government, declared
Mr. Anthony Eden, Minister for
League of Nations Affairs, when
replying in the House of Commons
to-day to the Labourites' strong
criticism of the reported Paris
plan, agreed to by M. Pierre Laval,
the French Prime Minister, and
Sir Samuel Hoare, the British For-
eign Secretary.

Mr. H. B. Lees-Smith, Labour's
spokesman, had declared that it
only half of what had been report-
ed was correct it was a contradic-
tion of the League Covenant and
abandonment of the foundation on
which the Government had fought
the election.

Mr. Eden, replying, affirmed
again the policy of the Govern-
ment, insisting that it had not
changed its attitude or abandon-
ed the principle that a settlement
must be acceptable to all parties.

He emphasised that the Paris
proposals were only a first step in
a long and complicated enterprise.

There were three main princi-
ples on which the peace proposals
were based, he asserted. The first
of these was that an exchange
of territory be arranged which was
definitely advantageous to both
parties to the dispute. Secondly,
the League's assistance to Ethiopia
in matters of social, economic and
administrative development was
essential. Thirdly, it was neces-
sary to provide special facilities
for Italian settlers and companies
in connection with the economic
developments contemplated.

INACCURATE REPORTS

Mr. Eden described many of the
press versions of the Paris pro-
posals as most inaccurate. Others
were mutually contradictory. It
was impossible at the present
stage to publish the proposals,
however. It would be an unpre-
cedented thing to publish them be-
fore they were presented to the
principles in the case or communi-
cated to the League.

"We never said that either party
must accept the proposals," Mr.
Eden declared. "We are not seek-
ing to impose them on anyone."

"We are trying to find, by com-
munications with the parties to
the dispute, whether it is possible
to discover a basis upon which
peace negotiations should be pos-
sible."

"If the proposals are contrary to
the principles of the League of Na-
tions, it is for the League to say
so," he went on. "If it does we
shall not complain. We are ready
to accept its judgment, just as we
have been ready to take our part
in this unwelcome task."

"I shall go to Geneva to-morrow
because the policy of the British
Government remains based upon
its membership in the League. I
shall seek with my colleagues from
many countries to determine the
best course to establish peace and
to maintain the authority of the
League."

ROYAL OAK SABOTAGE

London, Dec. 10.
The Admiralty issued a state-
ment to-day confirming that two
cases of sabotage had occurred,
one aboard the submarine Osprey,
one of the biggest in the Navy, and
another aboard the battleship
Royal Oak.

Both apparently occurred while
the vessels were in Devonport dock-
yard for refitting.

The statement adds that in-
quiries are proceeding but that it
is not in the public interest to make
any statement at present.

AIR CRASH IN KENT

Dead Include Two
Englishmen

London, Dec. 10.
A Sabena passengers airliner
bound from Brussels to London
crashed at Tatsfield, Kent, to-
night. The pilot, a crew of three,
and seven passengers were killed.
The plane was wrecked complete-
ly.

The airliner was Belgian owned,
operated by the Belgian Sabena
Airliner, and it is understood that
the Belgian Government is the
chief shareholder in the company.
The pilot and his crew of three
were all Belgians.

In addition to the two English-
men aboard, the plane carried four
German passengers, and one Bel-
gian. Two women were in the
machine.

COMPLETELY WRECKED

London, Dec. 10.
It is now learned that the Sa-
bena crash occurred on the sum-
mit of Pitts Hill, near Biggin Hill
Air Station Beacon.

The plane was flying low appar-
ently because of an ice formation
on the wings.

People in the neighbourhood saw
one wing crash into the tree-tops
on the small hill. The wing ap-
peared to fall off. The machine
staggered and the pilot apparently
tried to gain height. But the ma-
chine crashed almost instantly.

It was completely wrecked. Its
parts littered the woods for a hun-
dred yards around.

SIR JOHN CARDEN DEAD

An eye-witness relates how he
heard the noise of the crash and
rushed out of his house, near-by.
Immediately, he saw a mass of
twisted and crumpled fabric and
steel. He hurried to lend aid.
With others who had rushed to
the scene, he assisted in getting
some of the bodies out of the
wreck.

"We were able to get five out.
One woman was decapitated. The
other occupants were badly crush-
ed by portions of the machine."

The well-known engineer and
designer of Garden engines, Sir
John Carden, who helped design
the Army's tanks, was one of the
dead.

FLOOD DISASTER IN HOUSTON

Houston, Tex., Dec. 10.
Seven have been drowned and 20
are missing in the worst flood in
the history of this city.

Swollen by heavy rains, the
Buffalo and Bayou Rivers have
overflowed their banks, and caused
a swirling torrent to rush through
the heart of the city.

The low-lying country round
about Houston has suffered ex-
cessively. Damage is already
known to have reached a total of
more than \$2,000,000.

Many part of the business sec-
tions of the city are still submerged
and National Guardsmen are pe-
trolling the streets to prevent loot-
ing.

BIG PRICES FOR STAMP FREAKS

(Special Air Mail Service)
London, Nov. 13.

A total of 24,500 was obtained
yesterday at Harrier's, New Bond
Street, London, for a collection of
French stamps and various postal
services. A French Devant of one
plated of 1888, which had the
letter "T" instead of the figure
"1," was sold for 2100. There are
only three copies of the stamp
with this error.

Seventy pounds was paid for a
Zanzibar fivepenny stamp of 1897,
printed on marginal paper after
the supply had given out. Only
five copies are known to exist.

For irritable Children

In the "Strand Magazine" of March 1933, the well-known food expert, Miss Kathleen Dane, writes:

"Many children of the irritable, nervous type, owe their state to a deficiency of organic salts, particularly calcium, notwithstanding the fact that the dietary appears to be properly balanced. Such youngsters do well when the diet is reinforced by a well-retained mineral food, such as 'Kalzana,' which medical men all over the country are now recommending."

Your quickly-growing child needs extra calcium to help the formation of straight bones, healthy teeth, and a strong constitution. Start your boy or girl on a course of Kalzana—you will be surprised at the all-around improvement—Kalzana effects. Irritability disappears, appetite returns and soon the formerly "difficult" child will be a happy, healthy youngster again.

LONDON 'PHONE TALK TO U.S. STRATOSPHERE BALLOON

"Daily Telegraph" Call Heard By All America

COMMANDER TELLS OF HIS RECORD 14 MILES' ASCENT

(Special Air Mail Service)

London, Nov. 12. I spoke last night from London to Capt. Stevens, commander of the United States stratosphere balloon Explorer II, at a height of nearly five miles above Nebraska, while it was descending from a record altitude of 14 miles. The conversation lasted five minutes. It was broadcast throughout the United States and many other parts of the world by the National Broadcasting Company.

It was so clear that it might have been a Central London telephone call. Actually I was sitting in the General Post Office studio in Faraday Building in the city and Capt. Stevens was in Explorer II, 23,000 ft. over Nebraska, to which State the great balloon has dropped.

After the announcer in New York had told millions of radio listeners that they were about to hear "a most unusual broadcast" between a famous London newspaper and the stratosphere balloon, I could plainly hear Captain Stevens calling: "Hello, 'Daily Telegraph'! Hello, London."

DRAMATIC PAUSE
"Let Go More Ballast"

I offered congratulations to Captain Stevens and his co-pilot Capt. Anderson on their great record-breaking adventure.

How are you feeling after it all? I asked.

"All right, we are both fine," was his reply.

"Where are you now?"

"Somewhere over Nebraska," he replied. "We are two-thirds of the way down and about 23,000 ft. from mother earth."

Then the conversation was interrupted for a moment. I heard Capt. Stevens call to his fellow adventurer, "Better let go some more ballast."

It was a thrilling sentence, and revealed, in dramatic fashion the perils of the adventure.

Capt. Stevens turned to his microphone again and remarked in casual tones "Sorry, we are going down rather fast, and we are having to throw out ballast."

It was obvious that Captain Stevens had frequently to turn from the microphone to his instruments, and navigate the balloon in its rapid descent. He had just told me that it had taken the balloon four hours to reach 74,000 ft. when he gave a series of rapid instructions to Capt. Anderson.

EARLY MISHAP
Rip Mended

Again he turned to the microphone, and as we were discussing the scientific significance and discoveries of the flight, he called:

"I am afraid I am very busy. I shall have to get on with my work."

He found time, however, to tell me of a mishap which might easily have led to disaster.

"The balloon suffered a rip just when we thought everything was O.K.," he said. "But it did not take us long to fix it. We cemented the rip."

Capt. Stevens turned away again. "Well, I really must be going now," he said. "On behalf of Capt. Anderson and myself I want to thank 'The Daily Telegraph' and London for their congratulations. Good-bye, and thank you again, Mr. Chevins."

At the conclusion of the conversation the announcer of the National Broadcasting Company, in New York, asked me to broadcast a message to radio listeners in the United States giving my views on the flight and the conversation.

HEARD IN LONDON
Many 'Phone Calls

Before fading out the N.B.C. announcer said: "You have been listening to what is without doubt one of the most extraordinary and unusual broadcasts ever made, between Capt. Stevens, speaking miles above the earth to Mr. Hugh Chevins, of 'The Daily Telegraph' in London. Good-bye."

Within a few minutes of my broadcast scores of telephone messages were received at 'The Daily Telegraph' office from British amateur short-wave listeners who had heard the conversation.

One listener in Chesham, Surrey, said he picked up the whole conversation which came through with remarkable clarity.

Another listener at Hampstead said he heard the talk clearly, although he was using only an indoor aerial. "I could even distinguish the accents of the speakers' voices," he said.

This remarkable interview was made possible through the co-operation of the General Post Office and the National Broadcasting Co. of America.

My voice was carried from London by land line to Baldoak, Hertfordshire, wireless thence to Netcong, New Jersey, whence it was passed on by land line to the Radio Corporation of America Communications Station, Riverhead, Long Island, via Radio City, the N.B.C. headquarters. From there it was relayed to Captain Stevens, who picked it up on a short-wave apparatus.

Captain Stevens's voice was transmitted over the same route.

The National Broadcasting Company's laconic report was, "All O.K., very satisfactory."

ROYAL HUMANE SOCIETY AWARDS

Bronze Medal For Fisherman

London, Nov. 21.

The Bronze Medal of the Royal Humane Society has been awarded to Henry Holdip, 59, a fisherman, and part owner of Anita, of St. Elizabeth Village, St. Joseph, Barbados, for saving Ferdinand Hinkson, 28, a fisherman, also of St. Joseph, from drowning. On July 11 the Anita sank off Charly Mount, St. Andrew, Barbados. Holdip went down with the boat, and when he came up saw two members of the crew floating. He managed to get hold of two planks from the boat, gave the larger one to Hinkson, and started to swim ashore. Hinkson several times lost his plank through exhaustion, and Holdip helped him till they came to a reef, where Hinkson was left in comparative safety while Holdip swam on. When he reached shore he looked back and found Hinkson again in difficulties. He then swam out and, with great difficulty managed to get Hinkson ashore.

The Velum of the society has been awarded to William Goodwin, 30, a labourer, of 47, Latham Road, East Ham, for saving George Bell, 64, of North Woolwich Road, Silvertown, on September 28, when Bell fell into the Thames Jetty at North Woolwich. Goodwin climbed down a rope ladder from the side of a boat and hung on to Bell until they were rescued.

Parchments have been awarded as follows:—

To Thomas Debenham, 40, of Cedar Road, Hutton, Essex, for saving Joseph Homowitz, seven, when he fell in the Thames at Irongate Stairs, Stepney, on September 21.

To Police-constable Barkalali, 32, of Bhakardarra Police Station,

The Bronze Medal of the society has also been awarded to George Morris, 32, an agricultural surveying student, of Dan-Y-Oraig, Southerndown, Glam., for saving an unknown woman at Omore-by-the-Sea, near Bridgend. The woman was bathing and was swept away to sea. Morris swam out through the rough seas and rescued her, going away afterwards without reporting the affair.

The Velum of the society has been awarded to William Goodwin, 30, a labourer, of 47, Latham Road, East Ham, for saving George Bell, 64, of North Woolwich Road, Silvertown, on September 28, when Bell fell into the Thames Jetty at North Woolwich. AIR DEFENCE OF WARSHIPS

Double Measure Of Protection

London, Nov. 20.

H.M.S. Warspite, a battleship of the Queen Elizabeth class now being reconstructed at Portsmouth, will, I understand, be the first ship in the Navy to mount eight anti-aircraft guns of 4-in or heavier calibre.

Before undergoing her present refit she carried only four 4-in A.A. guns. This has been, up to now, the standard air defence armament of all our capital ships except Nelson and Rodney, which have six 4-in guns apiece, and Hood, which has two 4-in and four 4-in.

Eventually the four other Queen Elizabeths, the five Royal Sovereigns, and the battle cruisers Renown and Repulse are to be equipped with eight 4-in or bigger A.A. guns, in addition to heavy and light machine-guns.

TORPEDO SAFEGUARDS
This increased armament of high-angle guns is part of the Government's plan for making our warships less vulnerable to air attack.

I understand, also, that the process of modernisation includes the provision of extra armour protection to keep out bombs. The bulges with which most of our capital ships are already fitted are considered to be an effective defence against torpedoes dropped from planes.

It is now known that the new cruisers Southampton and Newcastle, which are due to be launched early next year, are to mount only four 4-in A.A. guns. It is possible, however, that the main armament of twelve 6-in guns can also be brought into play against low-flying aircraft.

The 6-in guns of Nelson and Rodney can be elevated up to 60 degrees, and able, therefore, to fire at air targets. If mountings of a similar type are installed in the Southampton cruisers these ships will be able to develop an extremely heavy fire against aircraft.

J. S. FRY AND SONS

Capital Plan

London, Nov. 20.

Details of a proposed scheme for reorganising the capital structure have been given by the directors of J. S. Fry and Sons, cocoa and chocolate manufacturers to 'Preference and Preferred Ordinary shareholders.

It is stated that trading profits during the past few years have not been satisfactory, and severe competition has made it extremely difficult to operate on a remunerative basis. Trading profits and income from investments in recent years have not been sufficient to meet in full the dividends on the Preference and Preferred Ordinary shares. Regular payment has been possible only by the utilisation of reserves and other credits of a non-recurring nature and reduction of the carry forward.

No dividend has been paid on the "A" and "B" Deferred shares since that relating to the year 1923.

It is proposed to repay the Preference shares and the Preferred Ordinary on the following basis: 8 per Cent. Cumulative Preference 25s. 6d.; 5 per Cent. Cumulative Preference 20s. 6d.; 6 per Cent. Non-Cumulative Preferred Ordinary 21s. 6d.; "B" 8 per Cent. Non-Cumulative Preferred 22s. 6d.

The British Cocoa and Chocolate Company, which holds the Deferred shares in J. S. Fry and Sons, has an authorised capital of £4,500,000, of which £3,533,473 has been issued in 2,711,779 Ordinary and £21,594 Preference shares of £1 each fully paid.

The directors are given in reference books as Mr. George Cadbury (chairman), Mr. C. R. Fry, Mr. W. A. Cadbury, Mr. Edward Cadbury, Mr. R. J. Fry, Mr. C. P. Fry, Mr. R. A. Fry, Mr. C. B. Fry, Mr. Walter Barrow, Mr. G. H. Boucher, Mr. L. J. Cadbury, Mr. A. E. Carter, Mr. P. S. Cadbury, Miss D. A. Cadbury, Mr. Egbert Cadbury and Mr. C. W. Gillett. Twelve of these are managing directors.

The offices of the company are at Bournville, Birmingham.

A FEW TASTY DISHES

GAMMON PIE

Take a gammon brawn, one inch thick and lightly brown both sides in frying-pan. Lay flat in large pie-dish or baking-pan, and cover with thick slices of unpeeled apple, then finally a layer of sliced potatoes.

No flavouring is required, as the bacon will give sufficient salt, and the apple makes delicious gravy. Should the apples be very tart, a little brown sugar may be sprinkled with them.

Cover all with grease-proof paper and bake in slow oven one hour.

SAVOURY PORK

Take six small pork chops, 2 pig's kidneys, 1 lb. onions, 1 1/2 lb. small potatoes, one small apple, one teaspoonful dried sage, one tablespoonful tomato sauce, salt and pepper to taste. Peel and slice potatoes and onions, put them into a stew jar or casserole in layers with the chops and sliced kidneys. Sprinkle the onion, sliced apple, and seasoning among them. Cover with a layer of potatoes, and put into a moderate oven.

Cook for about two hours, when all the vegetables will be very tender. The longer you can cook this dish the more savoury it will be.

LIVER SAVOURY

Slice some potatoes on the bottom of a fire-proof glass dish. Then put as many slices of liver as required. Sprinkle with chopped sage and two sliced onions, pepper and salt, then more sliced potatoes, cover with stock and cook slowly for about 2 hours. A great improvement is to serve with apple sauce.

FOR LATE SUPPER

When, for one reason or another the usual dinner-hour has to be postponed it is best to order some such supper-dish as kidney hot-pot which can be made in advance and heated up when required. Fry sliced kidneys in butter till well-browned, place in hot-pot or fireproof glass casserole with layers of carrots, onions and potatoes. Add a dessert-spoonful of pearl barley. Flavour with herbs and season to taste, and finally add a little stock. Place in oven and cook slowly for a couple of hours. Reheat when dish is wanted, serving in hot-pot. Gravy may be thickened if required.

FOR YOUR TEA TABLE

Sandwiches—Sweet Or Savory

In many households the tea-table still holds its own in defiance of the cocktail and sherry habit. But it has changed somewhat in character, and whereas formerly tables groined under a variety of cakes, warranted to increase the most syphilis-like form and to satisfy the most alarming appetites, they now hold an equally disconcerting variety of sandwiches. Hostesses vie with each other in finding new sandwich mixtures, and while some are delicious to taste and it is interesting to guess at their ingredients, the visitor is sometimes dismayed to find that after a sandwich with a delicious sweet filling comes one with a strong taste of anchovy or other fishy flavour. Even when only two or three varieties are forthcoming, this is apt to happen, and cheese, fish, and sweet are hopelessly mixed, regardless of whether the unfortunate visitor has a passion for fish and a strong dislike for cheese and a perfect hatred for mixing all three indiscriminately.

When arranging sandwiches, whether in large or in small quantities, it is a good plan either to distinguish their contents—sweet or savoury—by using different kinds of bread for each, or better still, by having neatly and clearly printed little labels attached to the plates, so that all may know what lies hidden between the covering of bread.

Steamed Puddings For Winter

WHEN A CHILL IS IN THE AIR SERVE PUDDING

With the first breath of winter the steamed pudding comes into its own again. Always serve a steamed pudding with a good sauce. Never fill the basin more than half full. The two pieces of greaseproof paper over the top, and grease both on each side, to prevent condensed steam from penetrating to the pudding. If a steamer is not available, an ordinary saucepan can be used, but the pudding should be raised from the bottom of the pan by means of a plate or stand. The saucepan should have a tightly fitting lid. A pudding made with two eggs and butter instead of suet will take from one and a half to two hours to steam; a pudding of the same size made with suet will take two and a half hours.

An excellent way of using up stale bread is in a pudding, and a bread pudding need not be dull and heavy, as it so often is. Here is a good ginger pudding. Cut two or three ounces of preserved ginger into small pieces. Slightly warm two tablespoonfuls of syrup and beat two eggs with it. Put into a basin four ounces of flour, a pinch of salt, four ounces of shredded suet, four ounces of fine breadcrumbs, three ounces of brown sugar, a dessert-spoonful of ground ginger, a pinch of mixed spice, and a pinch of cinnamon. Add the eggs and syrup, and if the mixture seems very stiff put in a little of the syrup from the ginger. Beat well, sprinkle in a teaspoonful of baking powder, add the ginger, turn into a greased basin, and steam for not less than two and a half hours.

MUSHROOMS SOME RECIPES

This method of serving fish will make the most insipid fish interesting. Peel and cut into small pieces four ounces of mushrooms; sprinkle lightly with pepper and salt and simmer gently in butter until tender. In the meantime, put four fillets of any white fish into a greased casserole; sprinkle with pepper, salt, and a dessert-spoonful of lemon juice; dot with small pieces of butter. Put a greased paper on top, then the casserole lid, and bake in a moderate oven for twenty minutes. When the mushrooms are cooked, put a small tin of unsweetened condensed milk in the saucepan; stir together a level teaspoonful of paprika pepper and a small teaspoonful of cornflour mix smoothly with a drop of cold milk, and pour into the mushroom mixture when it boils. Cook gently for five minutes, and mix with it enough of the liquid the fish has cooked in to make it of the right consistency. Arrange the fish on a hot dish, and coat with the sauce.

MUSHROOM TOAST

Cut up half a pound of mushrooms and cook in butter for a few minutes; season well, add a cupful of milk or unsweetened condensed milk, and simmer for a further ten minutes. Remove the mushrooms, and beat two yolks of eggs into the sauce. Stir all the time, and make thoroughly hot without boiling; when it thickens, put back the mushrooms. When sufficiently hot, pour on to buttered toast.

UNUSUAL ROLY-POLY

The children will like mince-meat roly-poly.

Mix two cupfuls of flour, a pinch of salt, half a teaspoonful of baking powder, and three tablespoonfuls of shredded suet to a stiff dough with cold water. Then roll out.

Spread with the mince-meat, damp the edges and roll up, sealing the ends. Tie into a scalded cloth, sprinkled with flour to prevent sticking, then boil or steam for 1 1/2 hours.

THE GOOD COOK KNOWS THAT

OVER-RIPE TOMATOES will soon become firm again if they are placed in a basin of salted water for about 20 minutes.

There is no need to scald them either if you want to peel them. Simply scrape them gently but firmly all over with a knife, then cut into the top and peel as you would a peach.

A HALF-LEMON placed among the leaves of lettuce will keep them fresh and crisp for several days.

BETTERROOTS make an excellent vegetable if boiled as usual and served hot, either plain or with white sauce. They are especially good when fried in butter after being boiled. Try them with bacon!

If when you are boiling beet-roots the skin breaks, causing them to bleed, heat a skewer until it is red hot and dab it on the break. This will seal the opening.

AN ORIGINAL SANDWICH FILLING can be made by mixing ground almonds and grated cheese into a paste with whipped cream and seasoning.

BACON BASHERS cooked in rolls for a garnish should be placed side by side on a long skewer. The job is done more quickly than by tying each one up.

CREAM BISCUITS

Put half a pound of fine, white flour into a cool oven to get thoroughly dry; then add a pinch of salt and sift it into a bowl. Rub two ounces of butter into it until it is as fine as breadcrumbs, and add two ounces of castor sugar. Make into a paste with the yolk of an egg and some cream; it should not be sticky, but just moist enough to roll out easily. Add six drops of vanilla essence and a tablespoonful of currants. Roll out thinly and cut into shapes, then brush over with the white of the egg and sprinkle with icing sugar. Bake in a moderate oven on greased tins for fifteen to twenty minutes.

SOME NOVEL PUDDINGS

Apricot Pudding.—Ingredients: 1 packet custard powder, 1 pint milk, 1 tablespoonful ground rice, small tin apricots, 2ozs. sugar.

Mix the custard powder and ground rice with 6 dessert-spoonfuls of milk in a basin. Boil the remainder of the milk with the sugar, and when boiling pour over the paste, stirring thoroughly. Return to the saucepan, and bring to the boil. Cut the apricots into small pieces and add them, together with the juice, to the mixture in the saucepan. Bring to the boil, stirring thoroughly. Pour into a piedish, and bake for 15 minutes.

Almond Hasty Pudding.—Ingredients: 1 packet custard powder, 1 pint milk, 2 oz. sugar, 1 oz. butter, 2 oz. ground almonds, 1 teaspoonful breadcrumbs.

Mix the custard powder in a basin with 3 dessert-spoonfuls of milk. Boil the rest of the milk with the sugar, and when boiling pour over the paste and stir thoroughly. Stir in the butter and then add the bread-crumbs and ground almonds and rebolt. Serve immediately.

Batter Pudding.—Ingredients: 1 oz. plain flour, 1 packet custard powder, 1 pint milk, 2 oz. sugar, 1 1/2 oz. currants or sultanas.

Mix the flour and custard powder in a basin. Out of the pint of milk take half a teaspoonful, and gradually add to the flour and custard-powder, taking care there are no lumps. Roll the remainder of the milk with the sugar, and when boiling pour on to the mixture, and stir well. Mix in the fruit and pour into a piedish. Bake in a moderate oven for 20-30 minutes.

Fruit Pudding

A good fruit pudding, which can be made in an emergency, is as follows. Slice thinly a round trifle sponge cake; drain a large tin of apricots or other fruit from the syrup, and cut into pieces. Arrange a layer of cake in a buttered basin, then a layer of fruit, and fill up in this way. Whisk two large eggs with an ounce and a half of sugar, add a pint of warmed milk and pour over the fruit and cake. Let it stand for some time, then tie a piece of greaseproof paper over the top and steam slowly for an hour. Make a sauce by boiling together the apricot syrup, the juice of a lemon, and a tablespoonful of sugar; thicken slightly with a teaspoonful of cornflour, and serve separately.

Here is a sultana pudding. Cut up four ounces of sultanas and two ounces of candied peel. Put six ounces of fine breadcrumbs into a basin, add half a teaspoonful of baking powder, a quarter of a teaspoonful of ground ginger, a quarter of a teaspoonful of mixed spice, and a pinch of nutmeg. Cream together six ounces of castor sugar and four ounces of butter, add alternately two beaten eggs and the breadcrumbs, beat well, and if necessary add a little milk, but it should not be softer than an ordinary cake mixture. Stir in the sultanas and the peel, cover with greased paper and steam for two hours.

CHOCOLATE PUDDING

This is a recipe for the ever-popular chocolate pudding. Cream together four ounces of butter and four ounces of castor sugar. Sift four ounces of flour with a pinch of salt and half a teaspoonful of baking powder; add to the butter and sugar alternately with two beaten eggs.

ITALIAN LOAF

Remove any skin and fat from a pound of steak and mince it. Mix well with a breakfastcupful of fine breadcrumbs and a breakfastcupful of cooked spaghetti broken into small pieces. Add salt, pepper, and a pinch of mace, a tablespoonful of malted butter or dripping, a dessert-spoonful of chopped parsley, and half a chopped onion. When well mixed bind with a beaten egg and a little gravy or stock if necessary. Pack tightly into a greased oblong tin or fireproof glass dish, cover with greased paper, steam for about two and a half hours, either in a steamer or on a plate in a saucepan containing a little boiling water. Turn out and serve with tomato sauce.

SEED CAKE

Dry and sift eight ounces of self-raising flour and a pinch of salt into a bowl, and keep in a warm place. In another bowl cream together eight ounces of butter and eight ounces of castor sugar. Beat until white and creamy, then add alternately one fresh egg and some of the flour, beating between each addition, until four eggs and all the flour have been used. Add the grated rind of a lemon and two ounces of caraway seeds. But the mixture into a loaf-tin lined with two thicknesses of greased paper, and bake in a moderate oven for about an hour and a half. Turn out and put on a cake-rack to cool.

USING UP THE MINCEMEAT

Although mincemeat improves with keeping, it will not keep for ever. So here are two recipes for using up the left-over from Christmas.

Mincemeat fingers make a pleasant change from mince pies.

Roll out some flaky pastry on a floured board, then line some shallow, buttered tins. Spread with mincemeat, damp the edges, then lay another piece of pastry on the top.

Mark the fingers with a knife, but do not cut through until the pastry is cold. Brush over with beaten egg and bake in a quick oven. Sprinkle with castor sugar and serve hot.

QUICK ACTION with SAFETY is the KEYNOTE of 'ASPRO'

WHEN Headaches — Pain — High Temperatures, and numerous conditions of ill-health appear you want RELIEF, and Quick Relief, to get back to normal. This is where the use of 'ASPRO' is so valuable. It acts quickly and safely. Quickly because you get rapid relief—Safely because it is pure and conforms to the standards laid down by the British Pharmacopoeia, the guiding authority of the Medical Profession. Furthermore, 'ASPRO' relieves the numerous complaints listed below, because, after ingestion in the system, it is a powerful germicide, and is anti-pyretic—anti-periodic and anti-fermentative. Always keep 'ASPRO' in the Home ready for emergency. 'ASPRO' DOES NOT HARM THE HEART.

'ASPRO' for Headaches and Neuritis

167 Union Street, Erskineville, N.S.W.
I am an obstetric nurse, and my profession takes me on numerous journeys, which mean long hours in all kinds of weather, and at times I have felt that I could not carry on, but thanks to the wonderful 'ASPRO' Tablets—which I have had instant relief from Headaches and Neuritis.

I have nursed four generations, and have always advised my patients to try 'ASPRO' Tablets for complaints too numerous to mention, and all have been loud in their praise for the wonders which 'ASPRO' has done for them.

You may see this testimony in any way you wish, for I am very grateful for the relief which I had from 'ASPRO'.

Yours truly,
(Sgd.) NURSE ELDEN

Nerves were in a Terrible Way — 'ASPRO's Surprise

1 Garden Street, Middle Brighton, S.S. 15/12/32

Dear Sirs,
Last week I had 18 teeth out, and not being well, my nerves were in a terrible way; in fact, I had to be taken home from the dentist. I went on for a couple of days in terrible pain with my head and eyes, due to my nerves, so I had to go to a doctor. On my way home I bought a packet of 'ASPRO'. I took three and laid down, and to my surprise I woke up feeling lovely. Now, if I feel a slight headache at all I try to my 'ASPRO'. I think 'ASPRO' should be in every home. I could mention a few more facts where 'ASPRO' has done good in my home. Once tried, always used.

Yours faithfully,
(Sgd.) Mrs. J. VIVIAN

Definite measures are being made by the Polish Legation, now in Shanghai, to establish a Nan-king office. Dr. Jean Kryszewski, Counsellor of the Legation, has arrived in Nanking to make the necessary preparations.

An armoured car which will travel either forward or backward at sixty miles an hour is claimed to be the latest invention in modern warfare. The young inventor, a naturalized Englishman of Hungarian origin, Mr. Nicholas Strausler, claims his machine could approach an enemy at this speed, fire its guns, one light and one heavy—and retreat without turning around, as silently as a private automobile. The car is said to be capable of carrying sufficient fuel for an eight hundred-mile journey.

Women in Shanghai ought to be beautiful because more than \$1,400,000 was spent on foreign cosmetics during the first ten months of this year, according to information from the Bureau of Foreign Trade. For the month of October alone, imported cosmetics valued around \$31,000.

The Shanghai Canton radio-telephone service, now under construction, is expected to be opened some time during January.

"REDHEADS ON PARADE"

What is the recipe for a well-balanced screen musical? Othand, most people would reply "girls, gay tunes, spectacle, comedy, and romance in liberal portions."

But the question goes much deeper, as was proved by the investigations of Producer Jesse Lasky during the production of gay musical extravaganza, "Redheads on Parade" which comes on Sunday, next at the King's Theatre.

For one thing, there can be too much music!

A review of musical successes past and present reveals that music should be mixed with action in a proportion of about one to five. Producers who ignore this rule find that too much music impedes the action of their picture. Many have had to scrap costly production scenes for their picture's sake.

"THE BIG BROADCAST OF 1936"

Tuneful, brisk and gay, "The Big Broadcast of 1936," the next featured attraction at the Queen's Theatre, combines a diverting comedy plot with an impressive collection of stars, garnered from the top ranks of radio, stage and screen. Packed with rich comedy moments, handsomely produced, this highly entertaining production is headed by a cast that can be depended upon to lead the way when it comes to cutting crazy capers. Such comedians as Jackie Oakie, Burrs and Allen, and Lyda Roberti are sure-fire standbys for light hearted humour and laugh-provoking antics. In addition, an imposing array of famous personalities such as Bing Crosby, Amos and Andy, Ethel Merman, Bill Robinson, Ray Noble and his orchestra, Willie West and McGinty, Mary Boland and Charles Ruggles contribute specialty numbers that shouldn't be missed.

"BLACK FURY"

No one is ever disappointed in Paul Muni. On the contrary, he seems to grow in artistic stature with each succeeding picture.

His work in "I Am A Fugitive From A Chain Gang" established him as one of the outstanding stars on either stage or screen.

Now, in a role which matches in dramatic intensity, his portrayal of "The Fugitive From A Chain Gang," a greater Muni appears in the First National picture "Black Fury" which comes to the Oriental Theatre on Friday and Saturday, sets a mark for artistry that probably will be unchallenged this year.

"MUSIC IS MAGIC"

Combining a diverting story, catchy music, eye-filling dance spectacles and a highly competent cast, "Music Is Magic" the new Fox musical romance, makes an auspicious arrival at the Alhambra this week-end.

"Music Is Magic" provides a fast-moving, tuneful vehicle for talented Alice Faye. Her singing of the four hit numbers including "Music Is Magic," "La Cumba" and "Honey Chile," is one of the highlights of the picture.

"SMART GIRL"

The problem of the eternal triangle and how it affected the lives of two sisters is presented in a new light in Walter Wanger's Paramount film "Smart Girl," opening to-day at the Queen's Theatre.

Featuring Ida Lupino, Gail Patrick and Kent Taylor in the leading roles, "Smart Girl," tells the story of two girls both of whom fall in love with the same man at the same time. Miss Lupino and Miss Patrick play the parts of the sisters, both beautiful, smart and rich. Mr. Taylor appears on the scene, in the guise of a process server, the day they lose their money and their father commits suicide.

A romantic tangle develops when Taylor marries Miss Patrick.

THE WEDDING NIGHT

A Masterly Performance By The Stars

A quite unusual story marks "The Wedding Night," which started its season at the King's Theatre yesterday. Gary Cooper, an author, having had an orgy of dissipation moves to a farm well out in the wilds and there comes into contact with Anna Sten who, under parental pressure, is about to contract a loveless marriage. They fall in love but finally Sten is forced into the marriage but on repulsing her husband on the Wedding Night, infuriates him to such a degree that he swears to kill the other man whom he knows is the cause of her coyness. In a scuffle that ensues between the men, the young bride falls down the stairs and is killed. Gary Cooper and his wife, played by Helen Vinson, then return to New York where a novel based on their experiences is published with huge success.

Both the principles give masterly performances and are ably supported by Helen Vinson, Ralph Bellamy, Esther Dale and Agnes Anderson.—N.M.

POLICE IN TROUBLE

ALLEGED VICTIM IN HOSPITAL IN CRITICAL CONDITION

Accused of Throwing Man Into Creek

Shanghai, Dec. 8
Two members of the Shanghai Municipal Police Force, Sergeant Ernest William Peters and Probationary Sergeant William Alfred Judd, are facing a serious charge of assault. They are accused of causing actual bodily harm to Mau Teh-plau on December 1, 1935, by throwing him into Hong-kew Creek.

The accused were arrested on Wednesday in Kashing Road Police Station. It was revealed in H.M. Police Court yesterday morning that Mau Teh-plau is now in hospital suffering from double pneumonia and that his life is hanging in the balance.

Mr. John McNeill, who is appearing for the prosecution, told the Registrar, Mr. C. H. Haines, yesterday that he was not going to give details of the assault at this stage of the proceedings, but merely to call evidence of arrest. This was given by Det. Sub-Inspector J. McPhee, who said that the two accused after the warrant was read over to them, made no reply. Mr. H. A. Reeks is representing both defendants.

After evidence of arrest was given yesterday Mr. McNeill said that he had no further application to make. He asked that owing to the serious condition of Mau and in the interests of the two defendants an order be made for the evidence of Mau to be taken as soon as he could possibly give evidence. Counsel said that the latest report he had received by telephone on Mau's condition was "still very serious, not yet passed crisis."

The Registrar granted Mr. McNeill his request that a deposition might be taken.
Defending counsel asked that bail be allowed for the two accused, and the Registrar replied, "I will allow bail in their own recognizance of £100 and two sureties each of £100 each. This bail can be arranged to cover the whole of the preliminary hearing."
The case was then adjourned until Tuesday next at 10.30 a.m.

"KING SOLOMON OF BROADWAY"

The inside story of how Broadway "Night Spots" go about getting the publicity which makes them famous is revealed in Universal's gay and tuneful "King Solomon of Broadway," starring Edmund Lowe, showing at the Alhambra to-day to Friday, Lowe, playing the role of a "Bright Light" dance palace manager, uses a society girl as his tool to get the place on to and front pages of the newspapers, and thus makes a clean up.

Lowe, at the start of the production, loses money to a group of gamblers who would rather shoot him than eat, and then gives the dance palace as security when they threaten to put him on the spot. Actually he is then on two spots because he doesn't really own the place. He has built it from money advanced to him by "Ice Larson," a "public enemy" played by Edward Pawley.

STARS AND THEIR MONEY WHEN FILM STARS FADE OUT

Hollywood Goes All Economic-Minded

Most of the big Hollywood film stars have gone all economic-minded. In the old days of Hollywood extravagance, ten to fifteen years ago, Fatty Arbuckle's parties used to cost as much as \$4,000, and marriages such as the Rod La Rocque-Vilma Banky affair worked out at about £10,000, while £10 tips were as frequent as the flu in winter. Conditions have changed. The actors and actresses of to-day, profiting from the experience and tragedies of the old-timers, have learned to save money. Under the guidance of financial experts, they invest in sound securities, bonds, real estate and businesses.

SHIRLEY TEMPLES INVESTMENTS

One of the stipulations of a Twentieth-Century-Fox contract, one of the most-sought-after in the film city, is that artists protect their money. The studio doesn't want financially harassed players on its roster. Shirley Temple, under the management of her banker father, invests £200 weekly out of her salary in gilt-edged securities and bonds approved by a committee of financial experts.

MAE WEST BUYS DIAMONDS

Warner Baxter, who has seen many of the silent players reduced to extras because of spending sprees, puts his money into real estate and paying gold mines, orchards and small businesses. And so it goes on. Gary Cooper, to protect his future, buys ranches and gold-mining properties, and Mae West purchases diamonds.

Many In Sorry Straits After Former Glory

Only one film star in twenty has sufficient good sense to retire from the screen at the right moment. That fact emerges from statistics prepared in Hollywood to show what happens to stars after their film days are over. Many of them, it is revealed, are in sorry straits compared with their former days of glory.

Some have no work. Others are working in obscure places or doing menial work.

SOME FORMER STARS

Here are some former stars who have successfully adapted themselves to work-a-day careers:—
Betty Blythe (star of "The Queen of Sheba" in 1921)—Running a chicken farm in California.
William Duncan (Western star who once earned \$800 a week)—Owns a cattle ranch.
Clara Bow—Ranching and family life are her interests.
Agnes Ayres (heroine of Rudolph Valentino in "The Sheik" in 1921)—Said to be working for a gas company in New York.

SECURITY PREFERRED

Ella Hall (once almost as famous as Mary Pickford)—Supports her three children by working as saleswoman in a dress shop.
There are many more—all thankful to be in good jobs and to have escaped the often tragic fate of the popular favourites who spend their money too freely. Some of them still yearn for the crowds and the fame, but most of them admit that they prefer the security of their present jobs.

ALLEGED BANDIT IN COURT

Canton Seeks
Extradition

A Chinese with several aliases was re-arrested after having been discharged in a case in which he was alleged to have participated in a robbery in a village in Chungshan district.

Yesterday he was brought before Mr. Q.A.A. Macfadyen at the Central Magistracy when extradition proceedings were instituted by Mr. E. H. Williams, Assistant Attorney-General. Mr. G. S. Hughes Jones was for the fugitive. The fugitive is held on a complaint from Canton that he had taken part in a robbery at Chung Sha Heung village on March 12 this year.

OBJECTION RAISED

At the outset Mr. Hughes Jones raised an objection that the offence for which his client was charged was not necessarily one for extradition. No extradition proceedings could be sustained as there was a variance of the charge. It must definitely and explicitly be an offence covered by the Ordinances governing extradition.

Robbery might in certain circumstances be a extraditable crime. The offence for which the fugitive stood was no such crime. The charge preferred against him was robbery—just that one word. Mr. Hughes Jones then referred to several authorities in support of his argument.

As the fugitive was charged there was no allegation that he had robbed from any particular person or that he robbed in the presence of any particular person.

The Magistrate intimated that he would adjourn the case to consider the point raised, but Mr. Williams rose and pointed out that the Bench could make a note of the points raised by the defence for further consideration, while he could proceed with the case for the crown.

The Magistrate agreed, and the case was accordingly proceeded with.

CASE OUTLINED

In outlining the case, Mr. Williams said that the robbery in which the fugitive was allegedly implicated occurred on March 12, this year, in the village of Chung Sha Heung, which was situated in the No. 9 division of the Chung Shan district, in the province of Kwang Tung. There were no soldiers or police stationed in the village, the nearest Police Station being 6 miles away. The victim of the robbery was a farmer who resided with his wife, a daughter and his brother. The farmer also dealt in poultry and pigs, and about a week before the robbery, he sold a dozen pigs for \$540, and at the time of the robbery he possessed some \$620 in Central China bank notes. The money was kept in a suit case which in turn was always under lock and key and was kept to the left of the "teng."

On the day of the robbery, the occupants of the house were having their meal, when the fugitive suddenly entered, accompanied by a dozen men. The farmer recognised the fugitive as the leader of a notorious gang of bandits, for the latter had been pointed out to him in a grocer's shop as such. The fugitive ordered the inmate to stand up while four men were detailed to stand guard over the doorway.

AN EYE WITNESS

Across the road was situated a shop, the keeper of which, on witnessing the entry of the bandits in to the farmer's house, made as if to close his store. The bandits shouted to him that this was not necessary for him to do, as the matter did not concern him. The shop-keeper also recognised the fugitive for the latter had made several purchases from him at odd times. After a brief search the suit case containing all the farmer's money was discovered. It was brought into the room when the bandits tried to open it, and found that it was locked. Whereupon the fugitive threatened to shoot the victim if the key was not handed over. The farmer's wife obtained the key which the fugitive placed into his pocket. Two buffaloes, valued at \$200 each were then commanded by the fugitive and they drove away with the suitcase in the direction of a village three miles away.

The fugitive was arrested in Hong Kong on November 1, and at an identification parade, held at Victoria Gap on November 7, the farmer failed to recognise the fugitive, who it would appear, had changed considerably in appearance, as he had grown stouter since coming to Hong Kong. The

STAMPS OF ALL COUNTRIES

Local Exhibition
Features

Stamps from all over the world, from as early as 1853 to the latest airmail nominations, were featured by 44 exhibitors at the first annual exhibition of the Hong Kong Philatelic Society, which was opened to the general public from 3 p.m. till 8 o'clock yesterday at the "Morning Post" Building and the support given augurs well for the enterprise of the society, which first sprung into being in 1921.

As one would readily expect from the scope of the exhibits, the collection on show was, in more than one way, unique, out standingly so in this respect being the specialised collection (No. 40) of Mr. G. A. Sherman, which occupied the best space of one whole length of the room. All the stamps exhibited by this enthusiast were of Chinese nomination, and was composed of 48 separate units, each unit being 12 inches square.

Worthy of special mention were the exhibits of Messrs. W. E. Jones and A. B. Purves, the former having on display two units of Pro Juventute stamps of Switzerland 1918-28, and the latter one unit of the early issue of Ceylon stamps.

Other exhibits included Newfoundland (Issue of 1880-1933) New Hebrides (1897-1925) Timor (1884-1933) Macau (1884-1905) Rocket Posts and Airmail Covers, Russia (Romanoff Issue 1913) United States (Commemoratives of the 20th Century) Air Mail (Covers from Canada, China, New Zealand, and the United States) "Native Races and their Ways, Stamps and their Uses, and Curious Shapes and Sizes."

THE PRIZE WINNERS

Prior to the exhibition being opened, prizes were awarded for the best exhibits on display, and resulted as follows:—1. Specialised Collection of China (Mr. G. A. Sherman) Society Silver Medal. 2. Pro-Juventute Stamps, 1918-28 (Mr. W. E. Jones) Bronze Medal, presented by Mr. Ohl. 3. Ceylon, early issue (Mr. A. B. Purves) President's Award.

Certificate of honourable mention: Hong Kong, plating of the Colony's Jubilee Stamps (Mr. W. Sayers); Airmail, Covers from Canada, China, etc. (Mr. A. R. Osbourne); and Stamps and their Uses (Mr. J. C. Chow).

The Exhibition Judges comprised the following:—Lieut.-Col. E. S. Doughty, D.S.O., Comdr. G. F. Hole, R.N., and the Hon. Mr. Justice R. E. Lindsell.

VARIOUS COLLECTIONS

Some of the exhibitors displayed as many as seven various collections, and a total approximately of 180 units were on view. Two exhibitions, which were not in the competition earned special praise, one being an interesting display of Hong Kong stamps from a specialised collection of Mr. W. Sayers, which showed the first wood block Hong Kong ever produced, and the other was a fine example of "watermarked hand made paper" by Portals, Ltd., London, which was a picture of H.M. the King, specially loaned for the exhibition by the President, Mr. H. W. Hammond. A footnote of this exhibit explains that the portrait was specially prepared for the Jubilee Year.

The exhibition is scheduled to close to-day and stamp-lovers and others interested should make a special point of visiting the exhibition, as it would well repay their trouble.

EUROPEAN TO STAND TRIAL

Sanitary Insp. Clark
Committed

Thomas Storey Clark, Second Class Sanitary Inspector, was yesterday committed to stand his trial at the Sessions by Mr. W. Schofield at the Central Magistracy, on a summons for having accepted a bribe of \$81 from Yu Lap, between May 1 and July 15, this year, after the case for the Crown closed.

Mr. G. E. Hall Brutton, who appeared for the defendant intimated that he would not call any witnesses, but would reserve his defence for the Sessions.

Mr. W. J. Lockhart Smith, Assistant Crown Solicitor, was for the prosecution.

shopkeeper and his folk, however, recognised him without hesitation.

Around the Courts

A Chinese clerk named Ho Sze-wing, employed at the Hong Kong Hotel Garage at the Peak, was brought before Mr. W. Schofield yesterday and charged with the theft of 38 gallons of petrol and the embezzlement of \$8.

Mr. Parsons manager of the Hong Kong Hotel Garage appeared for defendant.

INGENUOUS METHOD

Sub-Inspector McEwen said on December 7 the defendant received \$6 from a coolie, as money which had been paid for some petrol. The defendant failed to enter the amount in his books. He was arrested on December 9.

With regard to the second charge, defendant employed a very ingenious method in taking the petrol. Whenever he extracted petrol from the tank, he notified the A.P.C. that that tank was leaking and in this way the offence was not detected. Tests had been carried out by the A.P.C. for any leakage in the tank, but none could be found. Defendant extracted the petrol by catching the overflow in the tank, and in this way it was not registered. He had been doing this for the past 10 months. On one occasion the A.P.C. put 150 gallons of petrol in the tank at 4 p.m. one day, and at 10 p.m. the following day 14 gallons were missing.

Mr. Schofield remanded the case formally for one week, as the police were not prepared to accept defendant's plea on the first charge.

A 26-year-old unemployed man, Fan Kwai-sang, was brought before Mr. E. I. Wynne-Jones at the Kowloon Magistracy yesterday, charged with uttering a forged \$10 note of the Chartered Bank of India, Australia and China on Dec. 8. Inspector Chester-Woods, in requesting a remand, asked his Worship to take the case for committal. Defendant was remanded for 48 hours in police custody.

Admitting the unlawful possession of \$400 of rice on board the steam launch, Tak Choy, on Tuesday, Chan Yuk-jung 35, coolie, was sentenced to one month's hard labour by Mr. E. I. Wynne-Jones at the Kowloon Magistracy yesterday. Inspector Stimson stated that the launch was stopped by Sergeant Bradwell as it was leaving the s.s. Helias and defendant was found sitting by the bag of rice which had been covered with his jacket.

Trouble over a money loan as the cause of the appearance of Li Pui-ki, 46, coolie and his son, Li So-ha, 22, before Mr. E. I. Wynne-Jones at the Kowloon Magistracy yesterday charged with assaulting two married women, Ip King, 30 and Cheung Yau, 34, at Shek Kip Mei Village, Shamshuipo, yesterday. First defendant stated that the

women had gone to his house to collect some money from his son and had intervened because there was some argument. It was revealed that the two defendants had nothing to do with the association themselves, but the first defendant's wife had a share in the association and owed the sum of \$9, and the complainants had gone to ask for it. The two men were cautioned and discharged. Detective Sergeant Goodwin prosecuted.

For stealing three galvanised iron pipe joints from the Kowloon Wharf and Godown last Sunday, Tam Kung-kan, 32, odd job coolie, was brought before Mr. E. I. Wynne-Jones at the Kowloon Magistracy yesterday and was sentenced to one month's hard labour. Defendant pleaded that he picked the joints up while sweeping in front of one of the godowns. Inspector Stimson stated that defendant was arrested with the joints in Reclamation Street.

Another batch of drug carriers was dealt with by Mr. E. I. Wynne-Jones at the Kowloon Magistracy yesterday. Kong Yiu 22, and Chan Kau, 17, both unemployed, were charged with having possession of raw opium at the Kowloon Canton Railway Station on Monday. The former, who admitted having 24 taels was fined \$75, or, in default, three weeks' hard labour, while the second man was fined \$300, or, in default two months' hard labour for the possession of 10 taels. Revenue Officer H. Major stated that the first man had the opium concealed about his legs, while the other was found to have hidden the opium in the bottom of a pair of leather shoes. Another man, Li Pui, was fined \$50, with the alternative of four weeks' hard labour, for possession of 94 heroin pills.

Three Government servants employed at the Crown Lands Office, P.W.D., appeared before Mr. W. Schofield, at the Central Magistracy yesterday, on summonses of obtaining money by false pretences from an Indian Wajir Singh. The defendants were Lo Hok-kai, Pang Wal-ming and Tse Sing-ho. Lo Hok-kai and Pang Wal-ming were summoned for having, on February 2 this year, with intent to defraud, obtained from the complainant \$150 by falsely pretending that they as public servants within the meaning of the Public Servants' Liabilities Ordinance, 1917, were being paid a salary or emolument of \$250 a month.

Tse Sing-ho was summoned for having obtained \$50 from the complainant on February 15 this year by a similar pretence, and Lo Hok-kai and Tse Sing-ho were also summoned for obtaining \$50 from the complainant by a similar pretence on March 4 this year.

Mr. M. A. da Silva appeared on behalf of the complainant, and Mr.

DEATH ENQUIRY

Chinese Killed By
Motor Car

An inquiry was held by Mr. E. I. Wynne-Jones at the Kowloon Magistracy yesterday into the circumstances surrounding the death of So Kan (44) who was knocked down by private car No. 4416 at Taiipo Road on November 19. The driver of the car was Sanitary Inspector M. D. Watson.

Mr. W. A. Mackinlay held a watching brief on behalf of Mr. Watson. The jury empanelled were Messrs. Chan Wal Chung, Kam Yuen Wah and Ng Kim Chau. Dr. Bee Hoat Tech, Medical Officer of the Kowloon Hospital, said in evidence that he performed a post-mortem examination on the deceased and the cause of death was through shock following fractures. The jury then adjourned to the scene of the accident.

Private L. R. Osden said that at 2.45 on the day in question he was riding a push bicycle on Taiipo Road when he saw a Chinese boy run across the road. The boy managed to get clear of the car but hesitated in the middle of the road and another car was coming from the opposite direction.

The car knocked down two men who were standing against a pillar. Witness saw blood flowing from the leg of one man but the other did not seem to be much hurt. They were both taken to the hospital.

M. D. Watson, said that he had been driving in the Colony for the last six months and previously had driven in England. He left home at 2.10 p.m. on the day of the accident to go to his office. When he got to Poplar Road corner, he saw another car coming from the opposite direction. At that time a boy ran into the middle of the road and hesitated. Witness swerved in order to avoid him, but in going so, skidded and was put out of control. He ran into a pillar and the car was thrown against the wall of house No. 13 Taiipo Road and knocked down two men who were standing near the pillar. He called Dr. K. K. Wong who was passing, and he rendered first aid. The jury returned a verdict of accidental death.

HONG KONG BREWERY IN LIQUIDATION

VOLUNTARY WINDING UP SANCTIONED

A Loss Of Three Lakhs In Two Years

One of the newest industrial concerns in the Colony, the Hong Kong Breweries and Distillers, Limited, had to be wound up voluntarily in direct consequence of violent exchange fluctuations in our currency. The company had the misfortune to pay for their plant at an exchange of 11½d. Shortly after the contract was placed, England went off the gold standard which automatically brought the rate up to 1s. 3d.

LIQUIDATION SANCTIONED

At an Extraordinary meeting held yesterday, resolution to wind up the affairs of the Company was passed, and that Mr. S. T. Butlin, of Messrs. Linstead and Davis, was appointed liquidator.

The meeting was presided by Mr. S. H. Dodwell and supporting him were Messrs. J. H. Ruttonjee (managing director), Sir William Shenton, Mr. W. G. Robertson, Mr. Lawrence Kadoorie (representing Sir Ely Kadoorie) (directors), Mrs. E. M. Barrett (secretary), Messrs. D. S. Blake, J. Russell and G. Fishow (shareholders).

CHAIRMAN'S SPEECH

Addressing the meeting Mr. Dodwell said:—

As you are aware a private meeting of shareholders was held on the 27th November to consider a proposal to reduce the company's capital and make a further issue of shares to the amount of \$200,000. A circular was also sent round to all shareholders asking them to what extent they would be prepared to subscribe to the new issue. The response to this circular was almost negligible and the proposal was turned down at the meeting. The Board therefore had no alternative but to call an extraordinary meeting of shareholders to consider the voluntary winding up of the company. We are now met for that purpose.

The position of the company, as I explained at our last annual meeting and again at our private meeting, is due largely to circumstances over which we had no control. Thanks to violent fluctuations in our currency, we had the misfortune to pay for our plant at an exchange of 11½d. shortly before England's abandonment of the gold standard automatically raised the rate to 1/3d.

U.S. SILVER POLICY

We commenced marketing our beer when exchange was favourable, but, just as we were getting into our stride, America's silver policy drove exchange up to so high a level that not only had our prices for the local market to be reduced to an unprofitable point to compete with imported beer, but our plans for export business were frustrated. America's silver policy has had the further effect of, temporarily at any rate, driving

China and Hong Kong off a silver basis, and it may well be that, in the future, exchange conditions in the Colony will be more favourable to industrial undertakings, both from the point of view of the lower level and the absence of violent fluctuations.

LOST 3 LAKHS

In the meantime unhappily, including depreciation and interest, the company lost 3 lakhs of dollars on their overdraft with the Hong Kong and Shanghai Bank has reached \$1,100,000 at which point the Bank, not unnaturally, intimated that they require a substantial reduction to be made in it. The directors therefore, in face of the unfavourable response to the proposed new issue, are satisfied that it is not possible for the company to carry on any longer, and it is therefore proposed that it be voluntarily wound up and that Mr. Butlin of Messrs. Linstead and Davis be appointed liquidator.

Needless to say the Board deplore the necessity for recommending that this step be taken, but the present state of the company's affairs leaves them no option in the matter. Upon the announcement of this calling of this meeting a Receiver was appointed by the Debenture Holders, and so far as it is possible to do so, steps will be taken to endeavour to arrange that, in the event of some form of reconstruction taking place, an opportunity will be given to present shareholders of participating in it.

I now move that the following resolutions be adopted.

- (1) That it has been proved to the satisfaction of the Company that the Company cannot by reason of its liabilities continue its business, and that it is advisable to wind up the same, and accordingly that the Company be wound up voluntarily under the provisions of the Companies Ordinance 1932.
- (2) That Mr. S. T. Butlin of Messrs. Linstead and Davis, Chartered Accountants, be hereby appointed liquidator for the purposes of such winding-up.

This was seconded by Sir William Shenton and carried unanimously.

A CHILD FOR \$2.20

And Then Selling It For \$3.

The story of how a woman made a profit of 80 cents on a female child, aged one year, by buying the child for \$2.20 and selling it to another woman for \$3.00 was related at the Central Magistracy before Mr. W. Schofield yesterday, when two married women, Chin Mai, aged 28, and Wong Kan, aged 19, were charged with having taken part in a transaction the object of which was to transfer possession of a female child, Li Mei, aged one year, for a valuable consideration at No. 1 Whitfield, first floor, on September 20.

HEAVY FINES IMPOSED

Inspector K. Andrew, of the S.C.A., stated that the first defendant originally bought the child from its natural mother, and a few days later sold the child to the second defendant. The child's mother noticed that a woman was carrying the child at the second defendant's house and reported to the S.C.A. As a result the defendants were both charged. The first defendant bought the child for \$2.20 and sold it to the second defendant for \$3. A "sung tip" had been drawn up in which the

first defendant stated she was the mother of the child, but this was not so. The action of the second defendant was not viewed seriously by the S.C.A. because she had acted in good faith, and the prosecution were only asking that she be bound over. The mother of the child was not charged, as there was no evidence against her. She was very poor, had several other children, and was not being supported by her husband.

Both defendants admitted the charge, the first defendant stating she did not know the laws of Hong Kong.

Mr. Schofield imposed a fine of \$200 on the first defendant, three months' hard labour, on the second defendant, and bound over the second defendant to a personal bond of \$100 to be of good behaviour for one year.

Dr. John D. "Dinty" Moore died on November 27 night in Tientsin. He was taken ill at the Tientsin Race Club course when he suffered a paralytic stroke. He did not recover consciousness and subsequently complications of pneumonia set in which caused his death, says "The Star." Dr. Moore was 42 years of age. He went to Tientsin prior to 1920 with the U.S. Army Troops in China. He later resigned from the Army and set up in practice for himself in 1921 as a veterinary surgeon. Some time later he went into partnership with Dr. R. J. Hoch.

INDIAN LADY'S DEATH

Burial At Moham- medan Cemetery

It is with much regret that we have to record the death of Mrs. Fatima Eya Rahumed, wife of Mr. A. K. Rahumed of the Hong Kong Electric Co., Ltd., which occurred at her residence, No. 113, Caine Road yesterday at 4 a.m. after about three weeks' illness.

Deceased leaves a son and daughter, Abbas and May, her husband, and her parents, Mr. and Mrs. M. Rafeek, two sisters and two brothers to mourn her death, and to whom the deepest sympathy is extended.

THE FUNERAL

The funeral took place at the Mohammedan Cemetery yesterday evening and was largely attended.

The chief mourners were the deceased lady's husband, her father, Mr. M. Rafeek, and her two brothers, Messrs. R. A. Rafeek and A. Rafeek.

Among those present to pay their last respects were:—

Messrs. U. Rumlahn, S. A. M. Sepher, S. R. Ismail, A. H. Rumlahn, R. Nazarin, A. O. Madar, A. H. Madar, U. M. Omar, A. M. Wahab, A. R. Minu, R. M. Omar, S. A. Rumlahn, H. D. Rumlahn, M. e' Arculli, I. Haroon, T. Hamet, E. Kitchell, M. Azim and Dr. H. e' Arculli.

FLORAL TRIBUTES

Wreaths were sent from: Sorrowing Sister, Pansy and brother-in-law, Abdul; Sorrowing Brother Solomon and sister-in-law, Annie; Sorrowing Brother, Emeran and sister-in-law, Kadigar, Mariam Rafeek and Dwarique Rafeek (niece and nephew);

Messrs. Wong Oi Kut (managing director of Messrs. A. B. Moulder & Co., Ltd.), Leung Fat Tin, Chan Kwan Yu, Low Kon Sang, Leung Man Pak, Leung Pak Man, Cheung Kam Fat, T. Nakamura, S. Kusu-moto;

Members, Hong Kong Electric Co., Ltd. local staff, Messrs. Chiu Ming Co. and others.

MR. H. J. CLARK

More than 100 Shanghai residents, including a few Chinese, gathered at the Cathedral on Friday last at Shanghai to pay their last respects to Mr. Henry James Clark, and stood in solemn silence at the conclusion of an impressive service while the coffin, draped with a black cloth, was carried out by six pall-bearers to the strains of the funeral march.

Immediately the service was over, the choir filed out, moving with slow steps to the thrumming notes of the organ. Behind came wreath-bearers, headed by Mr. A. J. Hughes, who was followed by Mr. W. Miles, Mr. H. H. Read, Mr. W. R. Lemarchand, Mr. F. H. Gearey, and Mr. H. P. Berents. Then followed the coffin, carried by Mr. E. Hayim, Mr. N. W. Hickling, Mr. W. Nelson, Mr. F. G. Penfold, Mr. G. J. W. Morgan, and Mr. P. Streitt. Among the Chinese mourners were Dr. H. Mei and Mr. W. Yinson. Lee The chief mourner was Mrs. E. Clark, sister-in-law of the late Mr. H. J. Clark.

The service was conducted by Dean Trivett, assisted by the Rev. J. E. Brown.

Following the lesson, Dean Trivett gave a striking address. He referred to the important part Mr. Clark had played in the last fifteen years of his life, especially from the time he became the local head of the Order of Free Masons. Mr. Clark was a Christian gentleman, who had been for so many years actively identified with the life and work of Shanghai that, in a very real sense, in his passing they had lost a landmark.

Of late years, the Dean said, Mr. Clark's chief and constant care had been the Craft. Even in his business hours he found time for its many calls; to which his leisure was insufficient. In fact, he was one who in a truly Masonic manner practised the tenets of the Craft. What he professed, Dean Trivett said, he tried to the best of his ability to be.

The years of a man's life are three score years and ten, the Dean said. To that Mr. Clark added five years full of interest and hard work, probably in every way the most difficult and onerous of his life, but he never treated life as a burden. He never impressed others with a sense of weariness and fatigue. And then he went—surely every man longs to go quickly. The call came and he passed over.

SCHOOL PRIZE DAY

Ellis Kadoorie School For Indians

The annual prize distribution of the Ellis Kadoorie School for Indians was held yesterday before a large gathering of parents and friends assembled in the school hall.

Before reading the report on the progress of the school during the year, Mr. A. T. Hamilton, Head Master, thanked all those present for their very kind attendance, and especially he wished to thank Mr. A. e' Arculli for having very kindly consented to give away the prizes.

THE REPORT

In his report, Mr. Hamilton said: At the Annual Examination 152 boys were examined and 134 passed. Last year I made mention of the change in the Urdu Syllabus. I am pleased to report now that this change has been fully justified and a very satisfactory improvement has resulted. I would like to mention here for the benefit of parents in particular that in this school the study of English and Urdu is carried on side by side and that promotion from one class to another requires proficiency in both languages. I wish parents would remember this when bringing their families from India. The Kindergarten class continues to be popular and the numbers have increased since last year.

The Examination results on the whole are satisfactory. In Class 4 entrance examination to Queen's College 10 boys passed out of 11.

SPORTS

Practically every boy in the school takes part in games of some kind or other. In the Annual Sports boys are usually classified Senior or Junior but we have now special events for the very small boys. Football and cricket matches are played against other schools while the inter-class rivalry is very keen.

Our thanks are again due to the H.K. Cricket League for a donation of \$50 towards our sports fund.

A very successful Sports Meeting was held in March on the Indian Recreation Club's ground at which nearly every boy in the school competed. We have to thank the many friends of the Indian Community for their generous support in this matter.

GENERAL MATTERS

I take this rather belated opportunity of thanking the military authorities for the excellent facilities afforded us to witness their Tattoo last November.

Then in May we had the Silver Jubilee of His Majesty King George V. Holidays were declared and the boys took full advantage of the local celebrations to show their loyalty.

We have 34 boys on our Free List this year, an increase of 4, and on behalf of these boys I wish to express gratitude to the donors, Mr. A. e' Arculli, and the Trustees of the Sir Ellis Kadoorie Fund. In addition we have five boys holding Government Scholarships. All these boys appreciate what is being done for them.

Before I close I would like to give the boys a word of advice. I have already mentioned Cricket and Football and I take this opportunity of telling you boys how pleased I am to see how well you play both games. I don't want to discourage you in any way, but there is just the inclination with some of you to put sport before your lessons. Always remember that your lessons must come first.

Sport helps you with your lessons. It is your cricket and football and other games that make your body healthy; it is the healthy body that makes your mind healthy, and it is the healthy mind that helps you to tackle the difficulties that crop up not only in school but in after life.

Finally I wish to thank all members of the Staff for their loyal co-operation and support throughout the year.

MR. ARCULLI'S SPEECH

In a short speech, Mr. A. e' Arculli reminded the boys that what Mr. Hamilton had just said about sports and study was only too true. Sports were good, but equally attention should be given to their lessons. The boys should take that as a warning, and should henceforth indulge in both equitably.

The speaker also expressed his regret that Mr. Hamilton would be leaving the school early next summer on retirement. It was a distinct loss to the school. He, however, wished Mr. and Mrs. Hamilton long life and prosperity.

ST. ANDREW'S CHORISTERS

Give Splendid Concert To Large Audience

A varied and well rendered programme, arranged by Mr. Rupert Baldwin, organist of the St. Andrew's Church, Kowloon, was offered to a large assembly of music lovers at the St. Andrew's Church Hall yesterday, in which the full choir of the church participated.

The outstanding contributions to the success of a pleasant evening were Mr. C. W. E. Bishop (bass), Mr. R. Dormer (tenor) and Mesdames W. H. C. Robson and E. St. C. Kirke, who delighted with a variation of song, that gave eloquent testimony of the scope and ability of the members of the church choir.

THE GRAND FINALE

The programme consisted in all of twelve items opening with "Songs in a Farm House" sung by the choir, with solo work contributed by Mrs. Kirke and Mr. Dormer, and ended with a grand finale in which every member of the choir participated in a brilliant piece called "Worship." Both items were exceedingly well rendered; the harmony and blending of the voices being in keeping with the best choral singing yet heard.

The boys chorists delighted with two songs "Where'er you walk" and "Where the bee sucks," while a solo by Mr. Bishop entitled "Laughing Cavalier" was particularly well received.

Two Sea Shanties with Mr. Bishop as the shantymen, and the choir serving as a chorus was outstanding while a pleasant diversion was provided by two boys of the choir, Masters P. Burn and L. Gibson, evoked much laughter with their "What to do when voices break."

SELECTIONS ON THE PIANO

Mr. C. D. Bartlett, the well-known local entertainer gave two selections on the piano, that earned well merited applause. As the first attempt of the St. Andrew's choristers to offer an entertainment of this description, it must be voted an unqualified success, and to Mr. Baldwin as the Choir Master must go unstinted praise of the ability "of his charges" to render their contributions so successfully. The programme was highly entertaining, and an early repetition will we feel sure, be eagerly awaited.

A PLEA FOR CLOSER RELATION WITH CANTON

The sentiments expressed by Sir Cecil Clementi, former Governor of Hong Kong, on Tuesday at the luncheon of the Royal Empire Society, will no doubt be voiced by all who are conversant with the situation out here. No one knows better than Sir Cecil, and when he said that Hong Kong is the most valuable British asset in China, and that British policy ought therefore to be largely based on the needs of Hong Kong, he was speaking from his personal experience gained during his tenure of office as Governor of this Colony. His experience is all the more valuable as during his regime, the Colony passed through the most troublous and austere stage in the annals of its history. We refer to the General Strike of 1925, and on that more anon.

In the course of his speech, Sir Cecil stressed the need for seeking a solution to three problems. The first of which is that the Kowloon-Canton and Canton-Hankow Railways must be linked. On that we all agree. The completion of the Canton-Hankow Railway will contribute much to the prosperity of Canton.

Hankow is essentially an export centre; most of her produce going abroad via Shanghai. The journey down from Hankow to Shanghai takes four days, and transshipment facilities in the northern port are less favourable than Hong Kong. Therefore the important position of the Canton-Hankow Railway, when completed, seems to be too evident to need emphasizing. Instead of goods and passengers adopting the round-about route and making Shanghai as the entrepot, they will be taken from Hankow to Canton in 32 hours. And transshipment of goods to foreign countries from Hong Kong can be effected more promptly than in any other ports of China.

But Canton can only share this prosperity with Hankow if and only when co-operation is forthcoming from the Kowloon-Canton Railway. And if we have foresight enough, we should not withhold this co-operation, for it will mean directing much of the freight traffic to this port. Canton, on the other hand, must understand that she can never be a deep-sea port, and without the Colony's co-operation, her rail-borne trade will be definitely hampered.

We also associate ourselves with the criticism levelled at the Foreign Office by Sir Cecil Clementi. It is an indisputable fact that the Foreign Office in 1925 had clung desperately to the illusion that Peking governed the whole of China, and forced Sun Yat Sen, who wished "to be friendly with Hong Kong, into arms with Russia. The result of this ill-conceived policy led the Soviets into embroiling Canton and Hong Kong, which culminated in the disastrous boycott and loss of millions of money. The boycott, however, has served to bring out forcibly the realization in Peking, and if that were not sufficient, we have only to consider the present situation in the North. It is most discouraging and anyone labouring under the illusion that North China is the governing body of the whole of China, then the sooner such illusion is dispelled the better for all concerned.

We are confident that all Britons out here will heartily join in the hope expressed by Sir Cecil Clementi that the Foreign Office will benefit from the lessons gained in the past, and not again sacrifice Hong Kong to illusion. Hong Kong, we reiterate, is the most valuable British asset in China, and as such our needs should deserve more attention from the Foreign Office.

ITALIAN MUSIC

Enjoyable Rose Room Function

An excellent programme of Italian music was presented at the Rose Room of the Peninsula Hotel last evening. The function, which was largely attended, was organized by the local branch of the Dante Alighieri Association, under the direction of Professor E. Guadagni.

In the Choral Group, Professor Guadagni has an imposing array of talent at his disposal. These artists, who won the praises of local music lovers at the Italian concert last season, again contributed largely to the success of the evening. They delighted with no fewer than four items, their singing in the opening number "Begli occhi morra" (Pasqualini) being especially enjoyed. In "Dimmi Clori Gentili" (Leon), the Choral Group rendered one of the best items, the number being featured by effective singing.

Miss Frue Lewis (violin), Mrs. M. H. Arnold (cello) and Mrs. Nura Kanis (piano) combined well in "O Sanctissima" (Corelli) and "Minuet" (Boccherini).

Miss Elvie Yuen and Mr. Li Chor Chi both gave vocal numbers that were much enjoyed.

The programme was as follows:

1.—Begli occhi morra... Pasqualini

2.—(a) Allegretto... Boccherini

(b) Andantino... Martini

Miss Frue Lewis

To Be Inaugurated Shortly

Nanking, Dec. 11.

It is officially announced that the Hopei and Chahar Political Council will be inaugurated shortly.

The decision came as a result of series of conference among Generals Ho Ying-chin, Chen Yi, Hsiung Shih-hui, Sung Chieh-yuan and other North China leaders.

It is also reliably learned that the Council will be composed of 17 members, with General Sung as the chairman. The personnel as well as the regulations governing the organization of the Council have been decided upon.

An official announcement will be made after the Central Political Council meets to-morrow.—

LOAN FOR KWANGTUNG INDUSTRY

(From Our Special Correspondent)

Canton, Dec. 11.

Mr. Lam Wan-koy, Chairman of the Kwangtung Provincial Government, is negotiating with the Ministry of Railways for a big loan to develop the mines in Kwangtung and other industrial projects. A sectional chief of the Provincial Department of Reconstruction has gone to Shanghai to assist in the negotiations.

The authorities will shortly float \$5,000,000 worth of industrial bonds but this amount is not enough to open mines or to establish more government plants. Help from the Ministry of Railways is desirable in view of its profits.

The Kwangtung Government has made arrangement with the Hunan Provincial Government in opening the coal mine in Nine-Teeth Cave in Southern Hunan. That mine is expected to yield sufficient coal for government use in Canton.

If Mr. Lam is successful in his negotiations, he will also construct an iron and steel works in Canton at a cost of \$25,000,000. A plan is drawn up in erecting such works, but money is necessary to purchase the machinery.

BRITISH SHIPOWNERS AND FOREIGN SUBSIDIES

Unequal Struggle For Existence

APATHY OF EMPIRE GOVERNMENTS

Mr. Alex. Shaw's Comment At P. & O. Meeting

London, December 11.

The fatal unwillingness of the Empire Governments to give British shipowners the least assistance in their unequal struggle with highly subsidised foreign lines, which in certain directions was making it impossible for British ships to remain at sea, was strongly emphasised at the P. and O. annual meeting by the Chairman, Mr. Alexander Shaw.

Mr. Shaw drew attention to the fact that the Canadian and Australasian Line will soon be the only British service linking up North America and Australasia, and even this will be at an enormous sacrifice.

"The problem was not merely concerned with our commercial interests but went to the root of our Imperial position," he said.

Drawing further attention to the continuous decline in British shipping serving Home ports and failure to persuade other countries to agree to international nationalisation of shipping, Mr. Shaw said that no argument was effective until the British Government had shown by deeds and not merely by words that a subsidy will be met by subsidy and restriction by restriction.

"Our vessels can no longer be Cinderellas of the Sea," he said.

Mr. Shaw also drew attention to the hardship caused by continued pay-cuts, and asked the shareholders to remove half of the cuts from January 1, 1936.

Despite the growth of air mails, the bulk of mails carried by the P. and O. had actually increased 46 per cent.

Mr. Shaw was convinced that the air and sea services, as regards both mails and passengers, were always able to co-operate to mutual benefit.

JAPAN'S NAVAL DEMAND

Delegates Seeking Solution

London, Dec. 11.

In an atmosphere of impending deadlock over the Japanese insistence for parity, which will be further elucidated by Admiral Nagano at this afternoon's meeting of the Naval Conference, the delegates are casting about for alternative means of avoiding failure.

Reuter learns that the British and American views on naval limitation at present are more harmonious than at any time in the past twelve months.

Tentative discussions are running on the lines of a gentlemen's agreement, conceding Japanese equality in principle for the sake of her national prestige, but with something in the nature of an escalator clause to be invoked in the event of Japan building up to near the British and American level.

Such an eventuality will not be broached at the Conference until the present discussions on the common upper limit are proved to be abortive.

JAPANESE VIEWS

Tokyo, Dec. 11.

Naval circles here welcome the Naval Conference forthwith taking up discussion of Japan's fundamental policy for a common upper limit, declaring that the acceptance of a formula is of primary importance and working out of the complex details is of secondary importance.

The "Jiji Shimpo" declares that Admiral Nagano will urge the abolition of all offensive weapons, for example capital ships and plane carriers, and the establishment of an upper limit at the lowest possible tonnage compatible with a policy of non-aggression and non-menace.

If the total abolition of offensives is rejected Admiral Nagano will demand that the present strength of the Japanese Navy should be on the basis of the upper limit.

BRITISH STATEMENT

The presentation of this year's Nobel prizes, which are four in number, was made by King Gustav V. at the new concert house here on Tuesday in the presence of several members of the Royal Family and a distinguished gathering, which included many eminent figures in the science world.

According to tradition, the proceedings opened with a short address by the chairman of the Nobel Prize Foundation, Captain Hammarskjöld, who reviewed the work and described the purpose of the founder, Alfred Nobel.

Then the King handed over the prizes to the winners, viz.: 1. English, Professor Chadwick; 2 and 3. Chemistry, the French couple Joliot-Curie; 4. German, Professor Hans Spemann from Freiburg in Breisgau.

The Nobel prize consists of a gold medal, certificate, cheque for 170,000 Swedish crowns.

The presentation was followed by a banquet in the golden hall of the Stockholm City Hall, King Gustav attending.

After yesterday's excitement, silver was distinctly less panicky. The offerings on behalf of Far Eastern and Indian speculators who were naturally rather embarrassed in the recent developments were less voluminous. A good deal of selling orders were placed at the limits.

The market is hopeful that the fixing at least of "Spot" quotation will be possible, while prospects of the "Forward" price being determined are remote. It is believed that the spot price, if fixed, will be around 23 pence.

The attitude of America remains enigmatic.

Mr. Stanley Baldwin in answer said that British ships were entitled to trade at Lao-yao which is recognised under inland water regulations. He understood that certain difficulties had arisen as regards application of these regulations. The Foreign Secretary expected to receive a report shortly which will receive careful attention.

ANGLO-FRENCH PEACE PROPOSALS

Certain Modifications In Tentative Agreement

London, December 11.

The uneasiness felt in the Commons at the published versions of the proposed peace terms appeared to be somewhat allayed as a result of last night's debate and the Opposition challenge was defeated by 251 to 139 votes. Newspapers commenting on the debate emphasised that the British and French Governments having been requested by the League to pursue their endeavours to promote a settlement of the dispute, the proposals which had resulted from the conversations between Sir Samuel Hoare and M. Laval were no more than suggestions for basis of discussion.

The "Times" says as the situation now stands certain modifications suggested by the British Government and accepted by the French have been made in a tentative agreement reached in Paris. These modifications were apparently concerned mainly to ensure that there is complete equality as between the belligerents in considering the proposals and that no contingent condition with regard to postponement of sanctions is attached to them. That being agreed, the proposed basis for peace negotiations has now been sent forward and further developments will depend upon the views which are taken of it.

Apparently M. Laval's original idea was that it should go first to Signor Mussolini alone, who is certainly not unaware of its terms, but this was wisely dropped.

A further suggestion seems to have been made that so soon as the Italian Government agreed to discuss the proposals all idea of intensifying the economic pressure on Italy should be abandoned.

This also appears to have been dropped, and rightly, since the proper moment to call a halt in League action can only come when Italy calls a halt in military operations which she is conducting in flagrant violation both of the League Covenant and of the Kellogg Pact.

The British Government then would have shown themselves ready to join in forwarding this proposed basis of discussion to the parties concerned, but are not committed in any way to forestalling or pressing for its acceptance.

The French Government apparently have grounds for believing that negotiating are along the lines suggested and that Italy and Abyssinia might be able to come to an agreement which would also be acceptable to the League. If this is really so there is obvious reason for giving them the opportunity.

The text of the Hoare-Laval peace proposals has been received by the British and French Ambassadors, who will communicate them to Signor Mussolini to-day.

PEACE PROPOSALS SENT TO ROME AND ADDIS ABABA

Paris, Dec. 10.

The peace terms drawn up in the talks between Sir Samuel Hoare, British Foreign Secretary, and M. Laval, French Premier and Minister for Foreign Affairs, were transmitted to Rome and Addis Ababa last night.

It is believed that the British representatives asked for a clear-cut declaration by France that the proposals must be acceptable to the League and the Negus, as well as Italy, and that the agreement reached gave satisfaction to the British Government.

THE ORIGINAL TERMS

The original peace terms included the ceding to Italy of four provinces in Ethiopia, in return for which Italy was to be asked to provide an outlet to the sea for Ethiopia at Assab, or alternatively that Britain provide a seaport in British Somaliland. It was this latter proposal which aroused opposition in certain quarters in Britain.

According to one French source, modifications in these terms were finally agreed upon, the compromise involving a considerable diminution of the territory in Tigre Province to be conceded to Italy, and a modification in the Italian rights in the territories proposed to be thrown open for colonisation but remaining under the sovereignty of the Negus.

Reuter.

ALTERED IN DETAILS

Paris, Dec. 10.

It is now confirmed that an agreement has been reached on the peace terms to be offered to the League, Italy and Ethiopia.

The British Government is now satisfied the original plan having been altered in detail following its submission to the British Government and the suggested changes having been rushed through in Paris.

OPTIMISM FADES IN FRANCE

Different Views On Peace Proposals

Paris, Dec. 10.

The optimism prevailing here since the announcement of the Franco-British agreement about the basic plan for the settlement of the Abyssinian conflict, declined considerably on Tuesday. For though the press reports from Rome agree that Signor Mussolini is inclined to accept the Franco-British proposals as a basis for negotiations at which he would try to get still further concessions, the news from London seems to confirm the fear of far reaching differences inside the British Cabinet itself.

The fact that after the talk with Mr. Anthony Eden, the Premier, Stanley Baldwin, suddenly called a Cabinet Meeting on Tuesday evening to further deliberate on the Paris Plan caused great astonishment here.

NEGUS' CONSENT TO BE OBTAINED

One serious difficulty seems to be that Mr. Eden insists that the Paris Plan not only requires the approval of the League of Nations, but also the Negus before it should have the endorsement of the British Cabinet.

This, according to French opinion, considerably reduces the chances of success because it is not believed that the Negus will consent to such great territorial concessions. Expectation here was that the British Government would exert increasing pressure on the Emperor to enforce his assent whereupon the Franco-British solidarity in Geneva would have sufficed to overcome all opposition that might have arisen from the smaller states.

LAVAL LEAVES FOR GENEVA

That the League of Nations would endorse the Paris Plan if rejected by the Negus, is considered here to be out of the question. Premier Laval of France, leaves for Geneva on Wednesday, as will Mr. Eden. If both Ministers travel on the same train, they will have the opportunity to exchange opinions again before the resumption of proceedings with the League of Nations.

Brussels, Dec. 11.

The question of the conclusion of a Military Agreement between Belgium and Britain, similar to that existing between France and Belgium in the Military Pact of 1920, was discussed at a meeting of the Foreign Committee of the Senate here on Tuesday.

The Socialist Senator Roolin opposed a Military Pact with Britain.

The Catholic Senator Segers pointed out that the Treaty of Locarno constituted the best international guarantee for Belgian security that could be obtained.

The Senator added that since even the Belgian Treaty with France had become unnecessary through the Locarno Pact, it was undesirable to conclude a similar agreement with Britain.

To provide plentiful supplies of fuel for the Italian automobiles in the present crisis, an Italian engineer has revived the old idea of utilising alcohol for constructing a carburetor which, according to newspaper accounts, has provided very satisfactory economically.

Signor Mussolini has a ready had the contrivance fitted to one of his own cars, which with 80 per cent. alcohol mixed, attained a velocity of 25 miles per hour and averaged 10 miles to a gallon. Mr. R. S. Flew, the Crystal Palace F.C. chairman, who underwent an operation for appendicitis last Saturday, is holding his own, according to today's bulletin. His condition is still causing anxiety.

When they oppose Guildford City in a Southern League fixture at Guildford to-morrow, Captain Orient will have in goal H. Watson, a former Welsh schoolboy international player.

Conditions having become practically impossible at Oxford, the Oxford trial eight moved to Henley to-day to continue their practice. The river has risen two feet in 36 hours and the towpath in some places is under water. The junior trial eight race, which should have taken place at Oxford to-morrow, will also be rowed at Henley.

Two former holders of A.B.A. titles Gilbert Johnston, Scottish feather weight champion, and Benny Caplan (St. George's) are to meet at West Ham Baths on Thursday, in a twelve rounds contest at 9st. 4lb. The referee will be Mr. Jack Hart.

Leyton have secured W. Self, the well-known Harwich and Parkeston goalkeeper, and he will make his first appearance for them in Saturday's Athenian League match at Redhill.

A new professional golf tournament, with a prize fund of £850, will be held on a course near London on April 22, 23 and 24. It will be by stroke play over 72 holes.

The extra proportion of Test match profits which accrued last season from the rubber with South Africa go to the clubs on whose grounds the five matches were played.

M.C.C., Nottinghamshire, Yorkshire, Lancashire and Surrey will receive £841, and the other thirteen first-class counties £554 each.

Though it is undoubtedly true that there is more money to be

Hockey Club Gives
Tea DanceFUNDS RAISED TO ENTER
TAIN HONG KONG TEAM

Shanghai, Dec. 7.

With an attendance of over 200 the benefit tea dance held yesterday at the Astor House Hotel by the Shanghai Ladies Hockey Association to raise money for entertainment of the Hong Kong Ladies hockey team, which will come for an inter-club match in January, was a success both from a financial and entertainment standpoint.

Miss Jeanne B. Perkins, president of the local association made a short speech of welcome and thanked the guests for their support.

As entertainment attractions there were "spot" dances and other lively dances for which prizes were awarded and a dance programme was presented by pupils of the Ann Summers Dancing Studio.

Among hostesses who had parties of from six to 12 guests were Miss Jeanne Perkins, Mrs. Cecil Grey, Miss Claire Nichols, Miss Margaret McCracken, Miss Frances Kelly, Miss Iris Mottu, Miss Isa Sinclair, Miss Jean Ghicrist, Mrs. N. Becke, Miss Laura Carlon, Miss Grace Jack, Miss Muriel Houben, Miss Hilda Guenther, Mrs. N. Makarov, Miss Mary Malinsky, Miss Ann Summers, Miss Lillian Johns, Mrs. O. Hermann and others.

made in professional golf in these days than a few years ago, the public interest seems to show a remarkable decline the moment it comes to taking the hat round.

So it would seem, at any rate, from the accounts of the Ryder Cup tour. Out of a total fund of more than £3000, individual donations "amounted to about £130, and only one in a hundred of Britain's golf clubs made any response to the appeal.

Now comes the news that four of our leading professionals, including probably C. A. Whitcombe, Alfred Padgham and Percy Allis are planning, with the co-operation of Syd Brews, to make a tour of South Africa.

If they elicit the same response as did Miss Joyce Weidner from the United States, it should be a "good" thing.

If the public interest in South Africa is equal to that shown in this country by the Ryder Cup accounts, they would be better advised to stay at home.

Mr. A. J. Webb has been elected president of the Middlesex County Cricket Club once more with Mr. P. F. Warner chairman of committee. R. W. V. Robins continues as captain of the county eleven.

WORK FOUND
FOR SIXBy Singapore Rotary
Club

The number of unemployed in Singapore has been decreased by six.

The Singapore Rotary Club, with the help of the Salvation Army, recently found employment for this number. Two were Europeans and three are women.

The Rotary Unemployment Fund has helped 803 cases representing 3,373 persons. It has also distributed 15,400 bottles of rice, and \$1,316 in cash.

The Club is holding a Christmas treat for children on Dec. 23.

For this purpose they are collecting old and discarded toys for distribution to the children of the poor.

COMEDIAN IN
DIVORCE SUIT

(Special Air Mail Service)

London, Nov. 13.

Mr. William Thomson Hay (Will Hay), the "schoolmaster" comedian, was the respondent in a judicial separation suit, brought by his wife, Mrs. Gladys Hay (nee Perkins), of the "Obake" Norbury, which was heard by Mr. Justice Bucknill in the Divorce Court.

There was no defence to the petition, and Mr. Hay, whose address was given as Great North Way, Hendon, was not represented.

The marriage took place at Salford in October, 1907, and there are three surviving children. Mr. and Mrs. Hay lived at Higher Broughton, Manchester, and later at Norbury.

Mrs. Hay's case was that her husband associated with other

CAPE TO LONDON

Record-breaking
Airman's Tribute
To 'Ovaltine'

Captain Llewellyn, who with Mrs. Jim Wyndham, has just completed the magnificent record-breaking dash from Cape Town, selected 'Ovaltine' as a necessary during the flight.

On arrival, Captain Llewellyn stated that they relied greatly upon 'Ovaltine', which was carried in their 'Thermos' flasks and which they found most sustaining and comforting.

Before starting on his flight Captain Llewellyn wrote to the proprietors of 'Ovaltine' saying that he had given instructions that 'Ovaltine' was to be included in the list of necessities to be carried.

"For some years," he continued, "I have taken 'Ovaltine'. You will appreciate that the energy and vitality needed by a flying instructor are of paramount importance, and, consequently, I have no hesitation in stating that your product is an essential item."

'Ovaltine' was also relied upon by other famous flyers—including Scott and Black, Jones and Waller, Jean Batten, and E. L. Brook.

Practical experience in many other notable feats of endurance, and in all conditions of everyday life has proved that 'Ovaltine' is unequalled for giving and maintaining perfect physical fitness and abundant vitality. Contributed.

Adultery was alleged to have been committed by Mr. Hay and Miss Peggy Bradford at hotels at Leeds and Bournemouth in April and July last year.

Mrs. Hay was granted a decree of judicial separation with costs

DIOCESAN CATECHETICAL COMMISSION

Medals And Diplomas Awarded In Contest

At the Yeh Yan College yesterday afternoon medals and diplomas were distributed by Mrs. A. R. Wallington to the successful pupils who had entered the 1935 Catechism Contest of the Diocesan Catechetical Commission.

Before the distribution took place, the pupils of St. Mary's School gave an interesting play entitled "Dust of the Road." Musical items were supplied by the school orchestra and other pupils.

THE AIMS OUTLINED

Addressing the gathering, Father Riganiti said:—

It is the second time that a function like this one is being held since the establishment of the Diocesan Catechetical Commission in 1933. Last year it took place at St. Joseph's College. It may be useful to state here again that this Commission was formed by His Lordship Mons. Valtorta as an Ecclesiastical Advisory Committee with a view to promote, encourage and help in the imparting of an efficient religious instruction in all the Catholic Schools of the Vicariate. In such a way also, Our Bishop intended to show his appreciation and interest in the work of imparting religious instruction which is done with much zeal and diligence by our Teachers.

REMEDY FOR EVILS

His Holiness Pius XI has repeatedly pointed out that the remedy for all evils which afflict mankind is that the peace of Christ be sought after and established in the Kingdom of Christ on earth and that this can be obtained only by educating and instructing all men. The task is one of the greatest importance; and it is only right that the Church should take great care in fixing rules and giving advice about the imparting of religious instruction to adults as well as to the little ones.

Catechism Competitions took place this year in May for pupils of Class 1 and in June for pupils of Class 4. 9 Schools entered; questions were again set by His Lordship and papers marked by two Examiners. A Pass Diploma is awarded to pupils who have obtained no less than 60 marks and an Honours Diploma to those who have obtained 80 marks or more. As decided in the meeting held on September 1, 1934, instead of prizes, a silver or a bronze medal will be given this year to the best and second best pupil of each School.

The awards were then distributed to the pupils; the Challenge Cup going to the Italian Convent School, whose three pupils obtained the highest total of marks.

HIGH BUDDHIST PRIEST

Abbot Tai Hsu
Lecturing In Hong Kong

Abbot Tai Hsu, the greatest exponent of Mahayana Buddhism, who was the first Buddhist high priest to go on a lecture-tour in Europe and America in 1918-1919, arrived in Hong Kong on November 30th in response to the invitation of the Buddhist Association at Lee Gardens.

Abbot Tai Hsu is recognised throughout China as the highest authority in Buddhism and his extensive writings include not only commentaries of the profoundest Buddhist Sutras but also essays on Western philosophy and sociology, Confucianism and occultism. Treading the Yoga Way of a Buddhist, he has spent his last 30 years in travelling from province to province in China, with the objects of imparting his Mahayana teachings, reforming the monastic order and uplifting the traditions of Chinese Buddhists. His itinerary also included Japan and the Strait Settlements. Unlike the ordinary Buddhist priest, Abbot Tai Hsu takes a keen interest in the political and economic conditions of the world, especially those of China, and has contributed many articles on Sino-Japanese relationships to the "Tai Kung Po" of Tientsin and the "Chung Hing Po" of Hong Kong.

LECTURES AT LEE GARDENS

For the last ten evenings from 7 to 9.15 p.m. at the Buddhist Association in Lee Gardens, Abbot Tai Hsu has been giving to an audience of over 300 persons discourses on the teachings of Lord Maitreya, and to-night at 7 p.m. he will deliver the third of his series of lectures on "The Analysis of Mind" or "The Eight States of Consciousness."

On December 15th Abbot Tai Hsu will proceed to Canton where he will for about a fortnight deliver series of lectures on Mahayana Buddhism in the Sheung Kan University and other public institutions.

IN PALI AND SANSKRIT

In connection with Mahayana Buddhism, it may be well to state here that Sakya-muni Buddha preached his doctrines for forty nine years. After his death, King Asoka spread his teachings all over India and in other parts of Asia. At that time Buddhism was divided into two great sections, the Southern Sect and the Northern Sect.

The Southern Sect, or Mahayana Buddhism, spread to Ceylon, Burma, and Siam, while the Northern Sect, i.e. Mahayana Buddhism, became prevalent in Tibet, Sinkiang, China Proper, Japan and Korea. All the sutras of the Southern Sect, such as the sutra-ra-nikaya, and the Kladdaka Nibbaya were written in the Pali language, while the sutras of the Northern Sect were written in Sanskrit.

Abbot Tai Hsu is travelling under the auspices of the Nanking Government and the personal auspices of Mr. Tai Chi Tao, President of Examination Yuan, and Mr. Shiao Fo-chen, Member of C.E.C.

MEMORIAL TO SMITHY

Aviation Scholarship Suggested

The suggestion that a fund be opened for a memorial to Kingsford-Smith, the missing Australian ace was made by Mr. C. W. A. Scott, winner of the Melbourne Centenary Air Race, to the representative of Australian papers on Nov. 20, according to a cable printed in the Perth (Western Australia) Daily News.

Mr. Scott said: "I hope and suggest that a fund be opened for a Sir Charles Kingsford-Smith Memorial. Air circles are still reluctant to believe that 'Smithy' has gone, but hope has almost disappeared."

"His achievements are a sufficient reminder of his services and I suggest a prize of scholarship designed to forward aviation and encourage young fliers."

\$120,000 FOR FAMOUS HOSPITAL

Rockefeller Trustees' Unique -And Conditional-Offer Of A Grant

The National Hospital, in Queen Square, behind Southampton Row, has received a rare honour and a rare responsibility. Its value as the most important school of neurology in the world has been recognised by the Rockefeller Foundation with an offer of \$200,000 towards a new research department, laboratories, and wards and another \$200,000 towards the endowment of research. Never before have the Rockefeller Trustees given money to a hospital; all their previous grants of this kind have been to universities. The grant is offered on condition that the British public subscribe pound for pound of this \$200,000 before December, 1937.

The hospital was founded in 1859, and for forty years it has maintained a postgraduate medical school, which has attracted doctors from all over the world. One of its lectures one day last week was attended by ninety fully qualified doctors from seventeen different countries, and of twenty-six doctors who attended a clinical conference two days earlier twenty-three were from overseas. Many of those who attended are lecturers at their own universities or medical schools, and nerve specialists all over the world have studied their profession at Queen Square.

HEATH ROBINSON LABORATORY

A clinical-research unit was founded in 1932 and is doing work of the greatest value, but it is seriously hampered by lack of space and funds. In the main laboratory research workers have to jostle each other in a ridiculously inadequate space. Conditions in what is cheerfully called "the Heath Robinson laboratory" are almost comical. In a cellar, whose walls are lined with boxes of old

hospital records and which is used at times as a studio for photographing patients, research work which will save countless lives is being carried on with a fantastic assemblage of home-made or home-adapted apparatus.

NOTABLE RESEARCHES Here the functions of the sympathetic nerves and their responses to emotions, infections, tumours, and accidents are being studied, and important conclusions have already been published. The apparatus which has made them possible has been put together in the hospital, and among its more or less vital parts are a music-stand, a trench periscope, a piano-leg, bits of looking-glass, an ancient plate camera, discarded lenses, transparent finger-stalls, old oil-drums, home-made "try your strength" machines, an assortment of toy balloons, and a bicycle pump.

Other research done at the National Hospital includes study of tumours of the brain and spinal cord, research into the finer anatomy of the brain, and examination of the cerebro-spinal fluid and of the chemical composition of the blood. All this work is suffering severely for lack of space and equipment. If the \$120,000 required to earn the Rockefeller Foundation's grant can be raised, \$200,000 of the whole \$240,000 will be used to endow research, and the remaining \$180,000 will be spent on new laboratories, a new research department, new medical and surgical wards, lecture and teaching rooms, operating theatres, and a much-needed nurses' home.

The National Hospital has never before made a public appeal for money, but it feels justified in doing so now in order that this opportunity may not be lost.

S. A. HARDON SUES TIME CO. FOR RENTS

Shanghai, Dec. 6.

There was another hearing in the First Special District Court yesterday afternoon of the civil action brought by Messrs. S. A. Hardon & Co. against their tenants, the Hung Tuck Li Time Company, Nanjing Road, for over \$5,000, representing the total rent which the defendants were alleged to have refused to pay for July, August, September, October, and November this year. The defendant's asked for a 40 per cent. reduction in the rent on the ground of business depression and that other landlords had granted reductions to their tenants. The landlords declared that according to the lease contract with the defendants, no increase or reduction in the rent could be enforced by one party without the other party's consent. As the contract had not yet expired, the landlords said they could not see there was any sound reason for the defendant's requests. Judgment was reserved till next Wednesday afternoon.

SYDNEY IN 1850

The grandmother of two distinguished contemporary writers now makes her own posthumous debut in letters. She is Miss Hellen Heathorn, who afterwards married Thomas Huxley. Professor Julian and Mr. Aldous Huxley are her grandsons.

The diary which she kept in Sydney for her future husband's benefit is an entertaining chapter in "T. H. Huxley's Diary of the Voyage of H.M.S. Rattlesnake," which has just appeared under the editorship of Mr. Julian Huxley.

Here are some pictures from it of Sydney in 1849-1850: More emigrant ships in, which will make up for the number going to California.

The "on dit" is that the Asiatic cholera has broken out in Town and several have died.

After a picnic in the Harbour she wrote: The gentlemen were very tired, having rowed 36 miles—much too far in my opinion, and had it not been for the continual application to a bottle of port wine we should not have so soon reached home.

ROME WAR REPORT

(Special to the "Hong Kong Daily Press" (Copyright).)

Rome, Dec. 10.
The 67th Italian War Bulletin states that on the Eritrea front, the Italian sections on the Takaze River, and in the neighbourhood of Addi Encato, came into collision with a group of Abyssinians whom they dispersed with a bayonet charge, leaving 15 dead, while the Italian losses were two native non-

**SHARES TO BE
REPATRIATED**

To The Total Of
£2,250,000

London, Nov. 12.

Confirmation was given on inquiry in official quarters in London to-day of the report from New York that British interests have obtained the sanction of the British Treasury for the repatriation of the Radio Corporation of America in Electric and Musical Industries, Ltd.
Financial interests have sought this permission of the British Treasury consequent on the desire expressed by some people to buy the shares.

Mr. Louis Sterling the managing director of "Emmies" is now in the United States. The Radio Corporation's holding of Ordinary shares in Electric and Musical Industries alone totals 1,700,000, the market price of which on the London Stock Exchange is about 26s. 6d. each.

Should the whole block of these be repatriated to British interests a sum approaching £2,250,000 would be involved.

Recently two big American share deals have been completed—General Electric and Associated Electrical Industries—to effect which Treasury sanction had first to be sought owing to the Foreign exchange position.

On Friday next shareholders of "Emmies" meet to consider the company's report and statement of accounts, and the Stock Exchange is of opinion that some announcement regarding the American shares will then be made.

The total passenger and freight revenue for the month of November for the Tientsin-Pukow railway, totalled around \$3,442,472, according to figures issued in Nanking. The total income for the corresponding period of last year was about \$2,173,924. This year's figures show an increase of over \$260,000. This is a new record for the Administration.

Gen. Liu Hsiang, Chairman of the Szechuen provincial government, in a telegram to Gen. Chiang Kai-shek, Chairman of the Military Affairs Commission, and Mr. Lin Sen, Chairman of the National Government, strongly denounced the "Independent" movement to east Hopei. He suggested, says a Chinese report, that when any person turns traitor to his country, the parents and elders of the culprit should be punished with him.

LARGE MODERN LINERS

Fitted With Water Tubes Boilers

The large modern liners recently built by Messrs. Vickers-Armstrongs, Ltd., viz. "Orion" for the Orient Steam Navigation Company, Ltd., and "Strathmore" for the Peninsular & Oriental Steam Navigation Company, are fitted with water-tube boilers having a working pressure of 450 lbs. per sq. in. It is notable, however, that a working pressure of 1,850 lbs. per sq. in. in an installation of a "Loeffler" boiler was fitted for the Italian liner "Conte Rosso."

VESSELS OF A SPECIAL TYPE

New System Of Ship Construction

Considerable interest has been shown recently in the new system of ship construction, known as the "Arcform," designed by Sir Joseph W. Isherwood, Bart. During the year this system has been applied to oil tanker construction, and the first tanker to be built to this design, namely, the motorship "G. S. Walden," of 10,627 tons gross, has been completed by the Rotterdam Drydock Company to the order of Oriental Tankers Limited.
